CB STAMPI
MOLD DESIGN AND PRODUCTION

CB CAPS
CAPS AND CLOSURE TECHNOLOGIES

Every day we ask ourselves what we can do to improve, how we can transmit our heritage, our values, our principles.

In 2003 we founded CB CAPS, to bring our own caps into the market.

Our history starts from CB STAMPI, which has been producing bottle closures for 40 years starting from the creation of the mold, manufactured in our own plant, where our workshop endure the quality.

CB CAPS manufactures **only choosing the highest quality materials, which have the food certification,** for maximum safety in the home.

We have organized a structure that can respond quickly to customer needs.

We work in a skilful and lean way thanks to the **internal workshop** that deals with the production and maintenance of the molds and allows us to have total control on the quality of the finished product.

28 MM PCO PREFORM

SNAP ON CLOSURE : A CLICK AND NO MORE TWISTING!

The patent enables fillers to apply the capsule with extreme speed, even on standard preform and bottle models, reducing processing times and costs.

SNAP-ON SYSTEM

PATENTED AND SMART

Constant research, concrete results.

Esclusivity of the patent which allows a **SNAP-ON** engagement for 28mm PCO preform

Scan the QR Code and watch the video of the snap-on system

INTERCHANGEABILITY

SMART CAPS
PERFECT FORMS
MAXIMUM
ADAPTABILITY

ONE FOR ALL...

The CB STAMPI patent is suitable for all products on the market, making the offer competitive. An innovative solution that has already conquered some of the most important MD fillers and brands.

Compose
COMPLETE LINES
of products

A reasoned and functional range whose common thread is the high interchangeability of the models, which allows our customer **to create multiple lines of products even with just one bottle and vice versa using a single cap for a multiplicity of bottles**, in a wide range of alternatives.

...AND ALL FOR ONE!

QUALITY MATERIALS

**OVER 700 COLOURS
ALWAYS AVAILABLE
IN STOCK**

CHOOSE YOUR FAVORITE COLOR AND SHAPE

A wide range of products to make the difference.

DO YOU WANT TO STAND OUT? YOU CAN WITH CB CAPS!

Our raw materials do not contain harmful elements such as Bisphenol A, Heavy metals (Indium, Nickel, Palladium), Parabens, Phthalates and all substances on the SVHC list (Directive 67/548 / EEC).

THE FIRST, THE ONLY

eco-friendly system

WITH PERSONALITY TO MAKE YOU STAND OUT!

Patented system!

FINESTRA

Our research has led us to Eco-friendly system, lighter in material, because "less is green", a cap unique in the cosmetic sector. The packaging today is not anymore a static shell, but conscious choice. And here is FINESTRA.

TECHNICAL FEATURES
